

Tactical Response to Mobile Attackers -End User Course-

October 19-20, 2017

Class size limited to 20

LOCATION: Classroom Day 1: Bonner Springs Library, 201 N. Nettleton, Bonner Springs, KS

Practical Days: Camp Nash, 1100 Martinek Lane, Kansas City, KS

TIME: 0830-1700 hours

COST: \$100

This course focuses on teaching law enforcement first responders and tactical personnel how to respond to a highly aggressive, well-armed and actively mobile attacker. Actual ambush and mobile attack incidents are utilized to highlight the need for law enforcement officers to have the ability to quickly transition tactics under duress. The course focuses on recognizing an ambush, escaping the ambush, reversing the situational force momentum, and winning the encounter. The students will receive classroom and practical instruction. Students should be aware that this course is physically demanding and will require running in bursts, dragging, and lifting.

REQUIRED EQUIPMENT:

- Simunition handgun and rifle (KCMTOA can provide if not available)
- FX head, neck and groin protection
- Agency vehicle (one per agency will suffice)
- 100 9mm Simunition or Force on Force rounds

Register for the Course at www.kcmtoa.org
